Join the Club - Depression rates among adults in the U.S. have tripled from a pre-pandemic rate of 8.5 percent to 32.8 percent. Has the pandemic affected eating habits? Is there an association between the foods we consume and our emotions? Is there a biblical connection between lifestyle choices and mental health? Does diet contribute to our happiness? We meet the 3rd Thursday of each month 4 – 5:30 PM, EST. Go to <https://nadhealth.org/healthyjoyofeatingclub>

He Will Hear - “We have every reason as a Christian to rejoice.
