God Is Going to Get Us Through - “During times of uncertainty, people look for places of certainty, and the hope and truth that we have is [built on] more than just what we’ve done in the past. We can take the truths we have embraced as a church and make them applicable to today’s challenges in society. ... We can be a voice that people go to in these uncertain times and [hear] the certainty that we know God is going to get us through.” — G. Alexander Bryant, NEW NAD president, with his hope for the church in the North American Division
