New Original Furnace & AC – replaced two 1981 furnaces and duct work for the classrooms with one more efficient unit and was completed last week at a cost of \$8,100. Over the past 8-10 years all the HVAC units have now been replaced. Evergreen “building improvements and grounds” always go toward these efforts. The next project is a shed for the NW corner of the lot. Quotes for a concrete pad are now in the works which may be near \$4000. More updates after the next board meeting in May.
